## FIRSTAVENUE RECEIVES RECOGNITION FROM TWO INDUSTRY-LEADING PUBLICATIONS FOR 2019

FIRSTavenue is delighted to have been shortlisted as the leading placement agent by two of the industry's leading publications; Infrastructure Investor and Private Debt Investor.

To be credited for our work in two different asset classes by the industry's leading publications is a great honour for the firm. We are incredibly proud of our team globally who have worked exceptionally hard this year to earn these achievements.

An even greater honour would be to receive the formal acknowledgement of our industry peers by winning the awards, therefore we would be enormously grateful if you could take a few moments to vote for us through the links below.
